

Hitachi Makes Wireless Collaboration Easy

Pair with

- LiveViewer software for PCs
- Quick Connection App for Apple® and Android™
- USBWL11N wireless adapter

USBWL11N wireless adapter

- ✓ Share content from multiple devices, including smartphones, tablets and PCs at the same time
- ✓ Display up to 4 device screens on the big screen
- ✓ Display content on up to 12 projectors with the computer via wireless or wired LAN simultaneously
- ✓ Moderate up to 50 computers and display up to 4 screens at a time
- ✓ No cables to switch around with multiple presenters
- ✓ Use your smartphone as your projectors remote
- ✓ Best of all, Hitachi offers wireless connectivity on most models in every projector series

How Hitachi Wireless Connection Works

Add the USB wireless adapter (USBWL11N) to your Hitachi Projector for wireless capability and download the latest software for your PC, tablet or smartphone.

PC		Tablets and Smartphones	
Windows® XP	Mac OS® 10.5	iPad®	Android tablet or smartphone
Windows Vista®	Mac OS® 10.6	iPhone®
